Becky (bride)

We recently held our outdoor wedding at a private residence in South Haven and enlisted Elegant Events to help with day-of coordination. However, I felt like that term does not do all the work that they did justice. From the get-go, they were flexible and accommodating to our unique needs. Elegant Events brought our wedding vision to life - better than I even imagined my wedding day would be.

I thought I was organized, but became so much more confident and calm during the planning process after working through our wedding day plan with Elegant Events. Nicole asked questions I hadn't even thought about and had great solutions. She came up with a flow for our ceremony to cocktail area and reception tent so that I could easily guide our rental vendor when they came with our delivery. Heading into the big day, I couldn't have felt more at ease being away at the salon knowing Elegant Events was back at the helm. I felt like I could focus on me and the emotion of the day, not the stress of making sure every detail was set. When I arrived at the venue, ready to dress, I saw that not only was every detail set the way I imagined, but it was perfect and better! Elegant Events created a wedding that several people said was the most beautiful they ever attended. (Literally, our parents received calls for several days after and we heard it there ourselves.) They dressed tables, set out the decor I purchased in creative ways, arranged flowers, guided vendors and most importantly, figured out resourceful ways to maximize our space (by using things from the ceremony later in the reception area, or other cool decor from the yard or home that could double for "beautifying" the tent, etc.). I recommend Elegant Events with my highest regards for yours. Their experience and creativity is unmatched.

We worked with Nicole from Elegant Events as our "day-of" planner and could not have been happier! I wish I could have hired her to do my entire wedding, but the day-of service by itself was fantastic. Thanks to her our day went flawlessly. The process was very easy, we met with her a couple of times before the wedding, and had some work to do ahead of time getting her certain info, like vendors names, services, etc., and she put together a timeline for the day with everything that needed to be done, so that we had nothing to do the day of except get married. She conducts herself with a high level of professionalism, and has a calm, capable attitude that I appreciated as a stressed-out bride. If something went wrong that day, I still don't know about it, since Nicole handled everything so beautifully, down to the last detail, including making sure my husband and I got a drink at the reception by personally taking our order!

Leanne (bride)

Nicole with Elegant Events planned my wedding at Twin Gables Inn in Saugatuck, MI. I worked with her for just over a year on the planning of the most important day of my life thus far. I was extremely detailed and wanted to be in control of every aspect of the day. However, as a Bride that's just not possible. I had to relinquish control to Nicole and I could not have been more pleased with the results. I had no idea that someone could put together my exact vision for an event while I was off getting primped and pampered for my walk down the aisle. She did an amazing job down to the smallest detail. All of my guests had a fabulous time and had no idea of any issue that may or may not have come up throughout the evening because everything was handled with care and professionalism. She was a pleasure to work with throughout our year of planning. She worked to keep things within my budget, offered me new and creative ideas, and left me speechless with the results.

We hired Elegant Events as the wedding planner for my wedding was an excellent decision. Since my wedding was in Grand Rapids but I resided in Kentucky, having someone as knowledgeable and helpful as Nicole was crucial. Nicole was both efficient and professional in helping review and secure vendors. In addition, she negotiated discounts with some vendors in order to help me stay within my wedding budget. Nicole was also organized and thorough in helping me navigate the wedding planning process and ensuring that everything was covered to make my wedding day memorable. My favorite aspect of using Elegant Events was how accessible Nicole was. She was always able to help answer my questions via phone or email, and was quick to respond. For a knowledgeable wedding planner that is professional and experienced, use Elegant Events.

Bethany (bride)

Nicole is very cool headed and very resourceful! She was very patient with me (and the moms) as we re-re-revised the details, and worked with us to make sure the event was within our budget while still being incredibly elegant. Our guests are still raving about the wedding, five months later.

Amway Corporation

We used Elegant Events for a very upscale event for our highest Achievers. One week before the event, we had to MOVE LOCATIONS! Nicole rolled with it. Nicole involved me in all decisions and the end result took my breath away. The tent looked spectacular with beautiful table linens. The flowers were amazing! And the food - beyond yummy! Our guests are used to the best and they were blown away. Nicole is very creative and I highly recommend her.
