

# NEIGHBORHOOD RESTAURANT GROUP AND ARCADIA

In 2010 the Neighborhood Restaurant Group partnered with the National Trust for Historic Preservation to restore Woodlawn as a working farm once again. The partnership founded the non-profit organization, Arcadia Center for Sustainable Food and Agriculture, which uses environmentally and economically sustainable growing practices. Arcadia is synonymous with the farm-to-table movement and participates in educational outreach projects with area schools and organizations. The non-profit also supplies local & fresh produce to 550 Events and other NRG restaurants as a way to raise funds for its educational projects.

## • WOODLAWN'S HISTORY •

Originally part of George Washington's Mount Vernon Estate and Five Farms, Woodlawn Estate played a major role in our country's farming history. President Washington bestowed 2,000 acres of his land as a wedding gift to his nephew, Major Lawrence Lewis and his nephew's bride Eleanor "Nelly" Custis. In 1805, Dr. William Thorton was commissioned to build the brick mansion that remains the center of the Woodlawn Estate. Today, the property is owned by the National Trust for Historic Preservation and operates as a museum and breathtaking event site. Its glorious hilltop views and impeccably landscaped gardens make Woodlawn Plantation one of Virginia's finest historical estates as well as one of the most beautiful wedding venues in the DC Metropolitan area.

Steeped in over two centuries of history and romance and surrounded by natural wooded beauty all year round, the timeless allure of Woodlawn Plantation welcomes you to create the wedding of your dreams. Honored to be the exclusive caterer and event designer company for historic Woodlawn Plantation, 550 Events excels in custom, all-inclusive menus and event packages to meet the unique needs of our clientele. 550 Events has earned a solid reputation of offering restaurant quality food and service paired with beautiful décor and gracious elegance for our Woodlawn Guests.
