VINTRO KITCHEN

Chef Giorgios Nikolas Bakatsias, developed a concept and menu for the 67 seat Vintro Kitchen restaurant. The menu focuses on seasonal and local ingredients from Miami with a selection of wines "made by farmers not factories." And of course, this is Miami so there will be a robust cocktail selection as well. Vintro Kitchen is a place where refreshing shared plates, signature main courses, a charcuterie selection and cheese flights are enjoyed in a dramatic yet intimate setting. Wines have been selected that are made with an eye toward the craft approach of winemaking from around the globe. Wines are available by the glass or bottle, satisfying the novice and connoisseur alike.
