Get Out & About

HISTORIC DOWNTOWN

In Galveston, even shopping and dining are historic, cultural experiences. The Historic Downtown Strand District, consisting of 36 blocks on the port side of the island, features more than 100 shops, restaurants, attractions, and art galleries, and is a perfect place for browsing, buying, or simply soaking up the history of this island city.

The Historic Downtown Strand District was the heart of Galveston in the late 1800s and early 1900s, when the city was known as the “Wall Street of the Southwest.” Many of the Greek- and Victorian-style buildings built during that era remain today. Horse-drawn carriages still travel the streets of the Strand, which is the center of Mardi Gras celebrations each February. Or opt for the quaint yet modern Galveston Island Trolley to travel around town.

OUTDOOR FUN

Galveston’s 32 miles of beaches are perfect for soaking up the sun and enjoying surfing, sailing, pier or charter fishing, swimming, or simple relaxation. But the beach isn’t the only outdoor attraction. With consistently mild temperatures, Galveston is a year-round outdoor destination. Golfers will delight in the Moody Gardens Premier Public Golf Course, a links-style, par-72 course perfected by the PGA Tour pros at Jacobsen Hardy Golf Course Design. It’s an ideal venue for group outings, too.

For attendees who aren’t golfers or beach bums, there are plenty of other ways to enjoy the island, including fishing, birding, volleyball, horseback riding, biking and kayaking.

ACCESSIBILITY

Getting here is easy!

A meeting on an island beach town sounds like it might be difficult to get to. But located only 50 miles away from Houston, Galveston is an island oasis that's surprisingly accessible.

The nation's fourth largest city, Houston is home to Bush Intercontinental Airport and William P. Hobby Airport, which offer hundreds of direct daily flights, translating into maximum flexibility for scheduling. Shuttles are available to Galveston Island from both airports. Ground transportation from both airports follows a direct route south, along Interstate 45.

Chartered planes, private jets and helicopters can fly directly to the Island via Scholes International Airport, which can accommodate planes the size of a Boeing 767 or smaller.
