

# Events @ MOSH

Located on the Southbank of the St. Johns River in downtown Jacksonville, the Museum of Science & History (MOSH) makes science, history and innovation accessible for all! From award-winning favorites like Currents of Time and Atlantic Tails to the Florida Naturalist's Center, indulge your curiosity and imagination when you visit Northeast Florida's only science & history museum.

MOSH's unconventional spaces and spirit of innovation invite you to design one-of-a-kind events. Whether you are planning a wedding, dinner party or corporate gathering, MOSH is ready to help you make it one for the history books!

# Museum Venues

## Venue Highlights:

- Scenic waterfront location
- Rooftop overlooking the city skyline
- Free WiFi
- Complimentary parking
- Table & linen rentals
- Access to exhibits & the Bryan-Gooding Planetarium

# 1st Floor Gallery

Experience the majesty of the Atlantic Ocean, learn about alternative energy sources, and discover what moves you with an event staged throughout the 1st Floor. This space is ideal for a welcome reception or cocktail hour and includes guest access to exhibits Atlantic Tails, Health in Motion, and JEA Powerplay.

# 2nd Floor Gallery

This space includes our two-story traveling exhibition space, providing a dynamic atmosphere with interactive components for guests to enjoy. A great location for a strolling reception, cocktail hour or party. Includes guest access to the Space Science Gallery, traveling exhibitions and Currents of Time history exhibit.

# Rooftop Terrace

Located on top of the four-story Museum, this open-air space provides an expansive view of the St. Johns River and the downtown Jacksonville city skyline. The rooftop offers an industrial chic terrace for ceremonies, exclusive networking events, and momentous dinner parties ready to celebrate with the decorative flair of an outdoor venue setting.

# Community Conference Room

Originally the planetarium for the Museum, the Community Conference Room boasts three-story ceilings and adjustable lighting making this an ideal multifaceted event space. Perfect for a cocktail hour, ceremony, corporate meeting or small reception, this room includes full A/V capabilities and access to a history panel exhibit on loan from Naval Air Station Jacksonville.

# Bryan-Gooding Planetarium

One of the largest single-lens planetariums in the USA, this dynamic theater showcases the night sky, solar systems, laser light concerts, and custom video projection displays. The Bryan-Gooding Planetarium provides a dramatic backdrop for romantic weddings, workshops and lectures, or private Cosmic Concert cocktail parties. Add an exclusive live show to your special event for a supernova finale!

# JEA Science Theater

This intimate theater provides A/V capabilities in a science-lab themed space. Perfect for staging creative demonstrations and panel discussions for an engaged audience. Incorporate a live interactive Extreme! Science Show into your event and discover the cause of explosions, shocks and other fun experiments!

# Classrooms Wing

Tall ceilings and abundant natural light make our classroom spaces an inviting option for small conferences, parties or off-site meetings. Tucked away from the hustle and bustle of the Museum, the classrooms offer guests privacy and quiet for a productive and enjoyable gathering.

# Learning Lab

The Learning Lab is a relaxed executive conference room complete with a large conference table and projector/screen duo with wireless casting ability included. Located on our 3rd Floor Loft next to one of MOSH's rotating exhibit areas, this versatile space offers privacy, technology and full access to three floors of Museum exhibits.

# West Lawn

Situated between Friendship Fountain Park and the Museum, the West Lawn is a large open space with views of palm trees and the MOSH mural. This space is a wonderful outdoor option for cocktail parties and cookouts with easy access to the Jacksonville Southbank Riverwalk.

# Florida Naturalist's Center

A natural addition to any special event at MOSH! The Florida Naturalist's Center boasts unique plants and animals native to Northeast Florida. Guests will have the opportunity to meet the reptiles, amphibians and birds who call Florida home. A MOSH Naturalist will be available to share interesting facts about the animals and answer any questions your guests may have. You may even have a chance to meet additional members of the Museum's living collection!

# Venue Capacities

Venue	Seated Dinner	Lecture/Theater	Cocktail
1st Floor	45 - 70	---	250
2nd Floor	45 - 70	---	250
