Personal references from private and corporate parties and wedding receptions.

Our event enjoyed the music so much that I gave their name out all evening. Fantastic level of participant interaction and only when it was appropriate. Will book them again.

They were perfect!!! On time, played great songs and excellent musicians. I had tons of complements on their performance.

My husband and I were very pleased with the Not Even Brothers band and would highly recommend them. We had a beach wedding and they were able to play acoustic on the beach and it was loud enough which was one of my worries! Also, they took our wedding song and learned it and tailored it to fit us! How awesome is that. Thanks a bunch Not Even Brothers!

Fabulous!..They were great to work with...very accommodating, fun and their music was terrific. We had ages 12 to 65, and everyone loved them! Would highly recommend!

Everyone at the event loved them; their style of music for our setting was perfect. Several positive comments were made; if I could I would hire them for every event we had.
