

OCETV Photography and Video Productions

We specialize in digital video and photography services for wedding/event, concert/MTV and business online marketing. We offer both HD and SD video productions with fully equipped cameras and accessories. Our years of experience in video, art, music and web technology brought you the best result in wedding video and photography as well as online accessibility. We serve great areas in Ontario and New York border cities as well as surrounding areas such as Great Toronto Area, Hamilton, St. Catharines and Niagara Falls region in both Canada and US as well as Buffalo area in US.

Our style of wedding video is based on documentary plus high quality wireless microphone for your ceremony, beautiful wedding music and songs in the edited videos as well as opening credits, section titles, movie DVD menus, scene selections and beautiful custom designed DVD covers and labels, a lot to offer.

Our style of wedding photography is based on both photojournalistic and traditional wedding photography. We deliver digital photo proofs on DVD with beautiful custom designed DVD label so you are free to print photos any time you want in the future. We also provide photo prints and album upon order.

We have competitive wedding service packages that fit every budget, plus specials for slow season. Best of all, we will deliver high quality services to our customers. Please visit our website <http://www.ocetv.ca> to view samples of wedding video and photo as well as package/price details.
