Ice Cream Sundae Bar

"We make entertaining fun!"

"...I shall remember that sundae all my life. In a sumptuous confectioner's shop, light, airy, full of fragrance, we were served with a mountain of ice cream, sprinkled with cream and scattered with walnuts, honey, peanuts, and various fruits. When I carried the first spoonful to my mouth...my taste buds experienced a violent ecstasy. A whole opera of sensation rolled off my tongue..." "

Henri Troyat, French writer, biographer
