

Late Night Munchies?

Let Us Cater To Your Wedding Guests
(And their late night munchies!)

Greetings!

Buddy's Special Events would like to present a unique concept to go along with **YOUR SPECIAL DAY**. Imagine the reaction as we serve your guests from our charming hot dog buggies and carts. After a day full of excitement and dancing, provide your guests with a late night snack with some flare! What better than a 100% pure beef hot dog on a steamed bun with mustard, relish, onions, a pickle spear, sport peppers and a dash of celery salt.

**What a great way to end YOUR SPECIAL DAY . . .
"CHICAGO STYLE!"**

*An Easy Way to Bring Novelty and Charm to
Your Special Day!*

"Wow, your hot dog cart was the hit and talk of the town at my wedding!"

"I just wanted to say Thank You so much for making my wedding so unique."

"The hot dogs were unbelievably delicious! I ate three because I was so hungry at the end of the night!"

"One of my guests had not eaten a hot dog for over 20 years and she was raving about how great they were!"

"We are still getting calls and emails telling us how great and different having a hot dog cart at our wedding was!"
