

**Prices include HD or DSLR video coverage, Final Cut Pro Digital Video Editing, DVD authoring or USB transfer, AND shipping!**

**Understand the Price Breakdown-** You are not just paying for a single video gal to come shoot some video for a few hours. You are hiring us to shoot, edit AND author a DVD with menus and chapters, or create a movie file and transfer it to USB. The cost of pre-production, production and post production also includes all of the equipment and media needed to videotape, and also the editing studio to edit the footage and finish the USB, and shipping!

All of the videos are 1-2 hours long, unless asked to create a shorter video.
