Congratulations on your engagement!

Your wedding day is a day to cherish and remember.

The DoubleTree by Hilton and Hilton Arden West are the perfect venues, with professional coordinators, customizable wedding packages, and proven vendors that will delight and charm your guests.

We are a location that is close to everything but far from ordinary, our specialty is providing a unique setting for your once in a lifetime event

We can accommodate almost any size wedding: each ballroom has a unique style, as well as their own entrance, foyer and convenient parking for easy access; three ballrooms are divisible into four salons for smaller events.

In the versatile **Capital Ballroom**, the high, coffered ceiling and natural light flowing in through walls of windows create an expansive feeling.

Glass doors open to the **Capital Patio**, an ideal spot for your wedding ceremony.

Bordered by a gentle creek, it overlooks a lush garden and rolling lawn.

The bride makes her grand entrance through the garden, arriving via a quaint footbridge that spans the creek. A petal-strewn aisle leads to the wooden arbor where vows are exchanged in the shade of sheltering trees.

Both the bridge and arbor can be decorated with flowers, fabric or garlands coordinated with your color scheme.

In the evening, twinkle lights or hanging candles on the arbor add a magical quality to the setting.

The **Grand & California Ballrooms** are also quite spacious.

Both feature crystal chandeliers and softly draped windows framing garden views.

The Grand Ballroom, which is the largest, also boasts an 18-foot ceiling inset with reflective mirrors that add extra sparkle at night.

A favorite option for intimate receptions or rehearsal dinners is the white, tented **Event Pavilion and patio** on the opposite side of the garden, a semi-private site secluded by a tall screen of white oleander bushes.

In spring and summer the pavilion is normally left open-sided, but even during cooler weather when its "walls" are drawn down, you still feel warm, comfortable and connected to the surrounding greenery through clear acrylic windows. Couples who choose to host their entire wedding here can tie the knot beneath the delicate wrought-iron gazebo next to the pavilion.

The Hilton offers the **Grand Ballroom**, which has Newly redesigned carpeting and décor, but the best part is the Tiered Cerchi Chandeliers that cast a warm glow on your reception.

The Junior Ballroom, called the **Folsom Room**, is perfect for weddings under 100 guests.

This room has it's own entrance, and artistic cocktail area with a piano.

A total of 730 oversized guestrooms with Sweet Dream Beds...some with balconies & hot tubs, which means all your friends and family can stay in one place.

And whether they're lounging by the hotel pool, playing billiards in our sports bar, shopping in the nearby mall or taking in the historic attractions of Old Sacramento, your guests will enjoy their free time almost as much as attending your wedding.
