

PORT LUDLOW
golf. marina. inn. home.

Day-Trip Social Event

Cost, based on 10 guests, starting at \$150 per person

Taking a seaplane flight is the quintessential Northwest experience, and Kenmore Air makes it easy for your group to fly from downtown Seattle's Lake Union right to the Resort at Port Ludlow's private dock. It's an unforgettable 15-minute flight scenic flight over one of the most beautiful areas on earth. Chartering your very own seaplane offers you the ultimate in flexibility as you determine exactly when you want to go and return. Kenmore Air's fleet of 24 planes each carry 3 to 10 passengers, thereby giving them the opportunity to accommodate groups bigger than the capacity of any single aircraft.

Upon arrival in Port Ludlow, be greeted with a signature cocktail and breathe in the spectacular views of Ludlow Bay, the Olympic Mountains and our marina. A short walk to the Inn will bring you to a scrumptious selection of hors d'oeuvres to begin your Northwest experience.

Once you are settled in on the veranda, the aroma from the salmon potlatch cooker will whet your appetite even further. Experience wild king salmon and white shrimp caught fresh the day before from our local waters along with a buffet of handmade corn bread, salads made with greens and tomatoes coming from the farm and off the vine that morning, seasonal vegetables and wild rice pilaf.

Your day trip will be topped off with a dessert highlighting locally-picked season berries, whipped cream, lemon sauce and fresh baked shortcake, before heading back to Seattle on your Kenmore Air seaplane.

Pricing will vary depending on number of participants, space availability and seasonal rates.

All prices are exclusive of a 22% service fee and applicable taxes.

All dietary restrictions will be gladly accommodated.
