

Scandinavia House

58 Park Avenue
New York, New York 10016

Home of The American-Scandinavian Foundation

Who are we?

- **The American Scandinavian Foundation (ASF)** is a publicly-supported not-for-profit organization established in 1910, committed to promoting educational, cultural and professional exchange between the United States and the Nordic countries - Denmark, Finland, Iceland, Norway and Sweden. ASF offers fellowships, cultural grants, internships, publications, exhibitions and other public programs, reinforcing the strong relationship between to two regions, honoring their shared values and appreciating their differences.
- **Scandinavia House** is an 8 story building, located in the heart of Manhattan, blocks from the Empire State Building, Grand Central Station and Bryant Park. Designed 10 years ago by architect James Polsheck, it is one of New York's most exciting event venues. Scandinavia House's screening facilities are well known to the film industry (we regularly hold pre Oscar nominations viewing), its banquet hall with adjacent terrace is a perfect spot for receptions, dinners, etc.
