Renting space at the Rio Tinto Alcan Planetarium

Within the Montréal Space for Life, the Rio Tinto Alcan Planetarium offers an exceptional setting to hold events such as cocktail parties, conferences, meetings, launches and so on.

Located just steps from the Viau metro station and adjacent to the Montréal Biodôme, the Rio Tinto Alcan Planetarium will dazzle your guests with its unique architecture. Seize the opportunity to hold an ecologically responsible event in a LEED Platinum certified building (TBC).

On request, your guests may be given the chance to gaze at the marvels of the Universe, thanks to the state-of-the-art equipment in our two theatres. It will be a pleasure for our staff to provide you with the support you need in organizing your event. However, please note that the availability of our facilities depends on the schedules of our various activities and programming.

When holding an event at the planetarium, the client is responsible for providing the materials required for the activity to run smoothly. The client is also responsible for choosing a caterer, obtaining an alcohol licence (as needed) and acquiring liability insurance.
