Turn your dreams into reality.

Two Girls in Pearls is a boutique style event planning company that allows us to offer one on one attention to each of our clients. Our philosophy is to combine modern planning with a classic approach. We are always honored to help make our clients' very special day perfect.

With over 20 years experience in event planning and marketing, Beth Murray and Kimberley Vines have combined their talents and expertise to create and fulfill your event vision. With this experience, it gives you the guidance that's needed when negotiating your vendor contracts, developing your budget, finding your perfect venue and vendors to create your unique event. We're with you every step of the way. We pamper, cater and guide you through every aspect of event planning. We pay very close attention to the details; your wants, your desires, and your needs. We listen, brainstorm, and troubleshoot. Sometimes we'll be the voice of reason, a sounding board, a brain to pick, someone to vent to, or even a shoulder to cry on. But most importantly, we just want to make the process as painless as possible, and ultimately plan your perfect day relieving you of any anxiety and stress and freeing you to enjoy your day, and guests. We provide different levels of service depending on your needs, whether it's simple or sophisticated, we will make your event come to life.
