Common Q&As

Q: “Do you deliver every image you shoot?”

A: No we do not. We eliminate duplicate images, test shots, missed focused shots, shots with bad expressions and other images that may dilute the overall product delivery.

Q: “Do you touch up all the images on our online gallery?”

A: Yes we do. Every image we deliver is post produced with our unique style of basic post production. This involves color correction, exposure adjustment, selective black and white processing, clarity adjustments, tone-mapping, and other corrections.

Q: “How many hours do you suggest we set aside for wedding day photos?”

A: The amount of time we suggest you set aside for photos depends on the time of day.

Preparation Shots – Duration: 1.5-2 hours

Couples Session – Duration: 0.5-1 hour

Family Portraits – Duration: 0.5 hour

Bridal Party – Duration: 0.5-1 hour

Q: “How many images do you typically deliver from an engagement session? From a wedding?”

A: We typically deliver anywhere from 50-100 images per 3-hour engagement shoot and for weddings we typically deliver 70 images per hour.

Q: “What rights do I have to the digital prints?”

A: You have the right to reprint images whenever, wherever you want. Although we recommend accredited printing stores such as MpixPRO & Millers for the best quality.

Q: “What type of camera/equipment do you use?”

A. Primary camera body: Canon 5D Mark III

Secondary camera body: Canon 60D, FUJI XT-10

Most used lenses: Canon 70-200mm, 16-35mm, 50mm & 100mm.

Q: “How do I reserve you for my date?”

A: All dates are reserved once we receive your signed contract and deposit.

Q: “Do you have a backup photographer in case something happens?”

A: Yes, there are a couple of photographers whom I work closely with will definitely be available.

Q: “What if we exceed our contracted time for our engagement shoot and/or wedding day coverage?”

A: Standard rates apply for overtime. Overtime is billed at the rate of \$150/hr
