For more intimate/small weddings, Sassafras Springs Vineyards located at 6461 East Guy Terry Road offers a beautiful option for the wedding of **80 or less guests**. Located just across the foot bridge from our Tasting Room is a wonderful tree lined space featuring a lovely red wood arbor as the focal point. This non-amplified music area which includes 50 white garden chairs is a perfect spot for your intimate wedding ceremony of 80 or less guests. At the completion of the ceremony, your guests will make their way across the bridge to the reception on the lower concrete patio. This area includes seating for 80 guests in addition to the wooden bench around the beautiful fire pit and a private bar. This, too, is a non-amplified music area that is perfect for a lovely al fresco reception. The client is responsible for any additional chairs needed for the ceremony or reception and the lighting of the ceremony site as well as the rain plan for both areas.
