

***DO YOU NEED TO MAKE  
AN IMPRESSION?***

***Many of the Canada's most powerful and successful individuals call on Peter Mennie when they need to impress their most important guests. You should too!***

Since the early 1980's, I have had the privilege to amaze clients regularly in dozens of South Western Ontario restaurants. This "sleightly slanted" mini show travels from group to group and is full of audience participation, a non-embarrassing sense of humour and of course, amazing magic and mind reading. This tradition continues today at exclusive five star events nationwide.

You are already planning a Conference, Sales Meeting, Trade Show, Board of Directors Dinner, Reception or other important private function, so why not join the hundreds of top tier planners who rely on my special, interactive skills to dazzle their groups during the event, either before dinner begins or after coffee and dessert. I will travel the room, performing for your friends in small groups, entertaining them personally and preparing them for the big evening to yet to come. This style of magic is the ultimate in intimate, interactive entertainment. Trust me when I say they will never forget it!

*"The group thoroughly enjoyed your wizardry with playing cards, magic tricks & comedy skits throughout the evening."*

*"It was unanimous you were great!"*

*"A first class show with a first class Entertainer!"*
