# Congratulations!

You're on your way to making decisions for the most important day of your life and I'm so excited you contacted me! I'm invested in capturing authentic moments and turning them into images and products you will carry with you for the rest of your life.

I strive to provide images and products in a timely manner and will be with you every step of the way to answer all your questions and make sure every detail is planned out and goes smoothly.

Here's what you can expect from my process:

- After you look over this packet, we can put together a time to meet, over a cup of coffee, to discuss what you're looking for and pick the best package for you. At this time, I will bring popular products so you can see what I offer.
- All packages include an engagement mini-session [which can be upgraded to a full session], which can be scheduled during the first meeting or shortly after [more information and process for this can be discussed upon request].
- A month or two before the wedding, we will go over all the specific details of your wedding and wedding photography specifics.
- 3 weeks-one month after the wedding, expect to get an email from me with a gallery of images. When I know you've seen them, I'll post a few on facebook [along with a post on my blog] and we will set up an ordering session or start discussing album/product layouts.
- Tag yourself and let me know what you think! And if you love them, please leave a review on Facebook!
