10 images on cd w/ copyright release	\$125

Photo printing, design and album services comprise a separate price list (under printing and design services).

Bridal and engagement pictures are also priced separately. However, they may be included in your wedding package for additional discounts.

Just a reminder: You are investing in a professional photographer to preserve your memories of this most special day. Please don't scrimp on the final product, printing, and let a "one hour" lab ruin the result that we both put so much effort into.
