All-Inclusive Event Design Packages

We absolutely love design! We create a custom, cohesive design concept and then carry them out in every aspect of your event, including help with all the fun little details that make your event truly special. We show you a one-of-a-kind inspiration board to show your vendors and guide the styling and decor for your event.

Posh Events allows you to concentrate on the fun aspects of your special day instead of price comparing rental equipment or color matching a handful of various linen choices. We take care of every detail!

Our process is simple! By starting with your tablescapes designs, we ensure we have covered the entire room in beautiful exclusive linen and/or chair wraps. You'll then move on to selecting your custom centerpieces that fit distinctively to your event. Of course, you can't forget the sweets-n-treats, balloons, favors, invitations, or especially the over-the-top cake or sweetheart table!

You will receive updates throughout the process so you're informed thoroughly. We've provided additional information on the following pages.

Prices are determined based on the following factors:

- * Date of Wedding
- * Guest Count
- * Venue & Distance to Venue
- * Complexity of Design & Production
- * Estimation of Hours Required

Hours Of Operation

Monday—Friday	10am—6pm
Saturday	By Appointment Only
Sunday	Closed

Messages: All responses are provided within 24 hours.
