22 W. HUBBARD, CHICAGO | A ROCKIT RANCH VENUE

BOOK YOUR EVENT WITH THE REDESIGNED, REDEFINED, RELAUNCHED ROCKIT BAR AND GRILL

After 10 successful years as one of the iconic pioneers of the vibrant River North neighborhood, Rockit Bar & Grill is back to its roots with a complete redesign from partners Billy Dec and Brad Young. Kara Mann, internationally renowned New York and Chicago-based designer, revamped the venue with a sleek, sexy, modern look. The space features a monochromatic palette of smoky black and greys, highlighting textures and infusing the space with a heightened sense of drama making sure to stick to Rockit's authentic rock n' roll feel.

The 2nd floor party lounge showcases a giant island-bar, hi-top tables for mingling/networking, booth seating, audio visual capabilities, DJ booth, projection screens, branding opportunities and more. Daytime parties are casual and bright, with our 45-ft skylight salvaged from the original building design, and large pane windows that swing open on a perfect day.

Catering menus include contemporary American cuisine via passed appetizers and specialty stations, entrée buffets, meat carvings, raw bars, and festive seasonal items.
