Savings

Here are some of the ways you can save money by having your wedding at Ever After Farms:

- **Tables & Chairs:** Since we already provide these, this alone saves you \$500 or more from having to rent from a rental company.
- **Linens, Centerpieces & Other Decorations:** Since we provide these for you, you can save at least another \$500 from having to rent/buy them.
- **Commercial Kitchen Equipment:** Because we provide a commercial refrigerator, hot box, ice maker, beverage cooler and 3 bay sink, you can avoid paying for a professional caterer altogether. You can have friends and family bring the food or you can buy a group package from your local favorite restaurant and then spread it out on our buffet tables and let your guests serve themselves. This alone can save you thousands!
- **Sonos Speaker System:** If you wanted to save on that \$1,000+ cost of a DJ, we have a very powerful Sonos Speaker System that can be controlled from an iPhone that can pump out any and all music you would want to play at your event.
- **Vendor Choice:** Since you aren't forced to use a preferred vendor, but instead, can choose any vendor you want, you may be able to save quite a bit by having the freedom to choose your vendors.
- **Vendor Discount:** Since our venue is so vendor-friendly in so many ways, you may also get a discount from certain vendors who may charge you more if you're having your wedding at a venue that's more difficult for them to provide their services.
