Thistle Hill

Experience the opulence of the 1904 mansion known as Thistle Hill, Fort Worth's first landmark, featuring a spectacular double staircase, ballroom-sized foyer, billiard room, library, formal parlor, formal dining room with a conservatory for bar service, and a breakfast room next to the catering kitchen. You and your guests will walk through the front door to the site of lavish parties held by those who once lived there. Let the grandeur of times past be yours for the night.

Teahouse Tranquility

The teahouse, a wonderful oasis of shade on the west lawn, has adjacent power for outdoor musicians, or a remote food and beverage station. The sunset makes a picturesque backdrop for an outdoor ceremony.

Carriage House Casual

The carriage house is a charming space for rehearsal dinners or other casual events. An ideal staging area for classic cars and carriages, the carriage house makes the perfect backdrop for photos. The covered portico is also a great location for outdoor catering, food service or barbecues.

West Lawn Elegance

The West Lawn is an ideal location for garden parties and weddings. The area is often used for tents and larger outdoor events. Electrical outlets surround the area for added convenience.

Pergola Processionals

The newly restored pergola provides a rare promenade for a bride and her party. Classic architecture painted vivid white showcases any color palette. Don't forget the photo opportunity - always a must at sunset!

Heirloom Landscapes

The 1 ½ acres of manicured lawn space are dotted with ornamental benches and planters. A sensory garden welcomes guests of all ages.

*Make memories for your special day that stand the test of time
at this magnificent 1904 cattle baron mansion.*
