Notes/Special Requests/Questions:

What Florence Historical Foundation Does

Florence Historical Foundation continues to restore and Maintain, The 1888 Florence Depot Museum, The 1856 Florence Bank Museum, The 1905 Keirle House, The Mormon Bridge Toll House and The 1888 Florence Fire Barn. The Florence "City" Hall is the original site of Florence's City Hall, Jail and Fire Station back in the 1880's. The Florentine Players continue to be a part of the fundraising arm of The Florence Historical Foundation by performing several times during the year. The facility was built by your donations and is truly a "community building", built by this community for everyone's benefit and usage. We take pride in what we've built and hope you do too when using the "Florence City Halls".
