

## The Sitti Experience

The Lebanese understanding of life is vitally linked to a long communal table, where there is always room for another guest, another plate, and another story. Embracing this tradition held us together as our families took root here in North Carolina, and Sitti embodies this cherished sense of connection and family. When you dine with us Family Style, you know that everything is taken care of ahead of time, allowing you to sit back and focus on the conversation at hand. At Sitti, we treat each event as if it were our own special occasion and our guests as if they were in our own homes. It is complimentary to us that you have chosen to celebrate here. We believe in guidelines, not rules. We are committed to creating a memorable experience for you, and to customize and tailor to your vision wherever possible in our Private Dining framework.

## Jiddi Space & Courtyard

Equal parts modern and provincial, the Courtyard is a hidden gem in downtown Raleigh. Tucked behind the restaurant, our Courtyard and Jiddi Space offers a secluded outdoor/indoor venue for events including wedding ceremonies and receptions, rehearsal dinners, and Holiday parties. The Courtyard is equipped with market lighting, a bar, lounge seating, and can host live music or a DJ. It is booked in tandem with our Jiddi Space as the rain contingent.

Adjoining the Courtyard is a fully enclosed private dining room we call The Jiddi Space (meaning "Grandfather" in Lebanese). The Jiddi Space is a true chameleon, ideal for both family celebrations (wedding receptions, surprise parties, rehearsal dinners) and corporate events. Its A/V amenities include a drop-down screen, ceiling-mounted projector, Wi-Fi receiver, and speaker system. The Jiddi Space may be reserved alone or with the Courtyard.
