

Royal Alexandra Hall

Experience the Elegance

Welcome to the Cranbrook History Centre, a unique venue perfect for that special day when your "Happily-ever-after" begins.

While the main building is fairly new, it houses an exquisite gem from the Edwardian era. The Royal Alexandra Hall was once the Grand Café from the Royal Alexandra Hotel, built by the Canadian Pacific Railway in Winnipeg in 1906. Although the hotel was demolished in 1971, the room and fireplace were saved. The hall is a sophisticated and lavish space filled with ornate designs in the "baronial" style. The neutral interior is a perfect compliment to any colour scheme with minimal decorating needed.
