FREQUENTLY ASKED QUESTIONS

Q: Do packages include movie tickets?

A: Packages do not include movie tickets because ticket prices vary by day and time.

Q: How do we know what movies you will be showing if we book a party on a date that does not yet have tickets on sale?

A: Depending on the popularity of the movie, we should have a general idea if we will be showing it.

However, since movies are typically purchased 1-2 weeks before they are released, we can never guarantee we will be showing a movie until we have purchased it. If you would like to know all of the movies being released by the studios around the time of your event, we suggest visiting www.IMDB.com and look up Movies, Coming Soon.

Q: How do we know what time our movie will be playing if we book a party on a date that does not yet have tickets on sale?

A: If the movie you would like to see is not yet on sale, we can take your movie request time and will do our best to schedule it within an hour of that time, as long as it does not conflict with any prior reservations or any previously planned schedule lineups.

Q: Are movie tickets able to be purchased without a food package when booking a party?

A: Parties of 10 or more must have a food package **OR** a minimum spend for each guest.

Q: Is there a deposit required when booking a party?

A: A credit card deposit of no less than 50% of the total package value will be required at time of booking. A credit card is the only form of payment accepted to take a deposit. Only ONE credit card may be used when paying a deposit.

Q: What if the headcount in our party changes or we need to cancel?

A: Because we are selling out consistently every day of the week, it is unlikely that we will be able to reserve more tickets than originally booked so please plan accordingly. If any changes need to be made, the Sales Manager must be contacted no later than 72 hours prior to your event. Please note, we cannot always guarantee your requested changes.
