

Nestled in an agricultural preserve,  
Durham Springs marries the charm of the  
country with the sophistication of the city

We're bringing back the historic 1730's farm by tucking a new barn behind the lawn facade. (A)

Along the road the Farm House is being restored to previous glory. (B)

Driving around the back to the event entrance and you are returning to the farm with the kitchen porch entrance, the horse shed and barn. (C)

Gorgeous views of 33+ acres in the  
Durham Springs valley.  
Numerous outdoor ceremony locations:  
Ample area for large tent weddings.

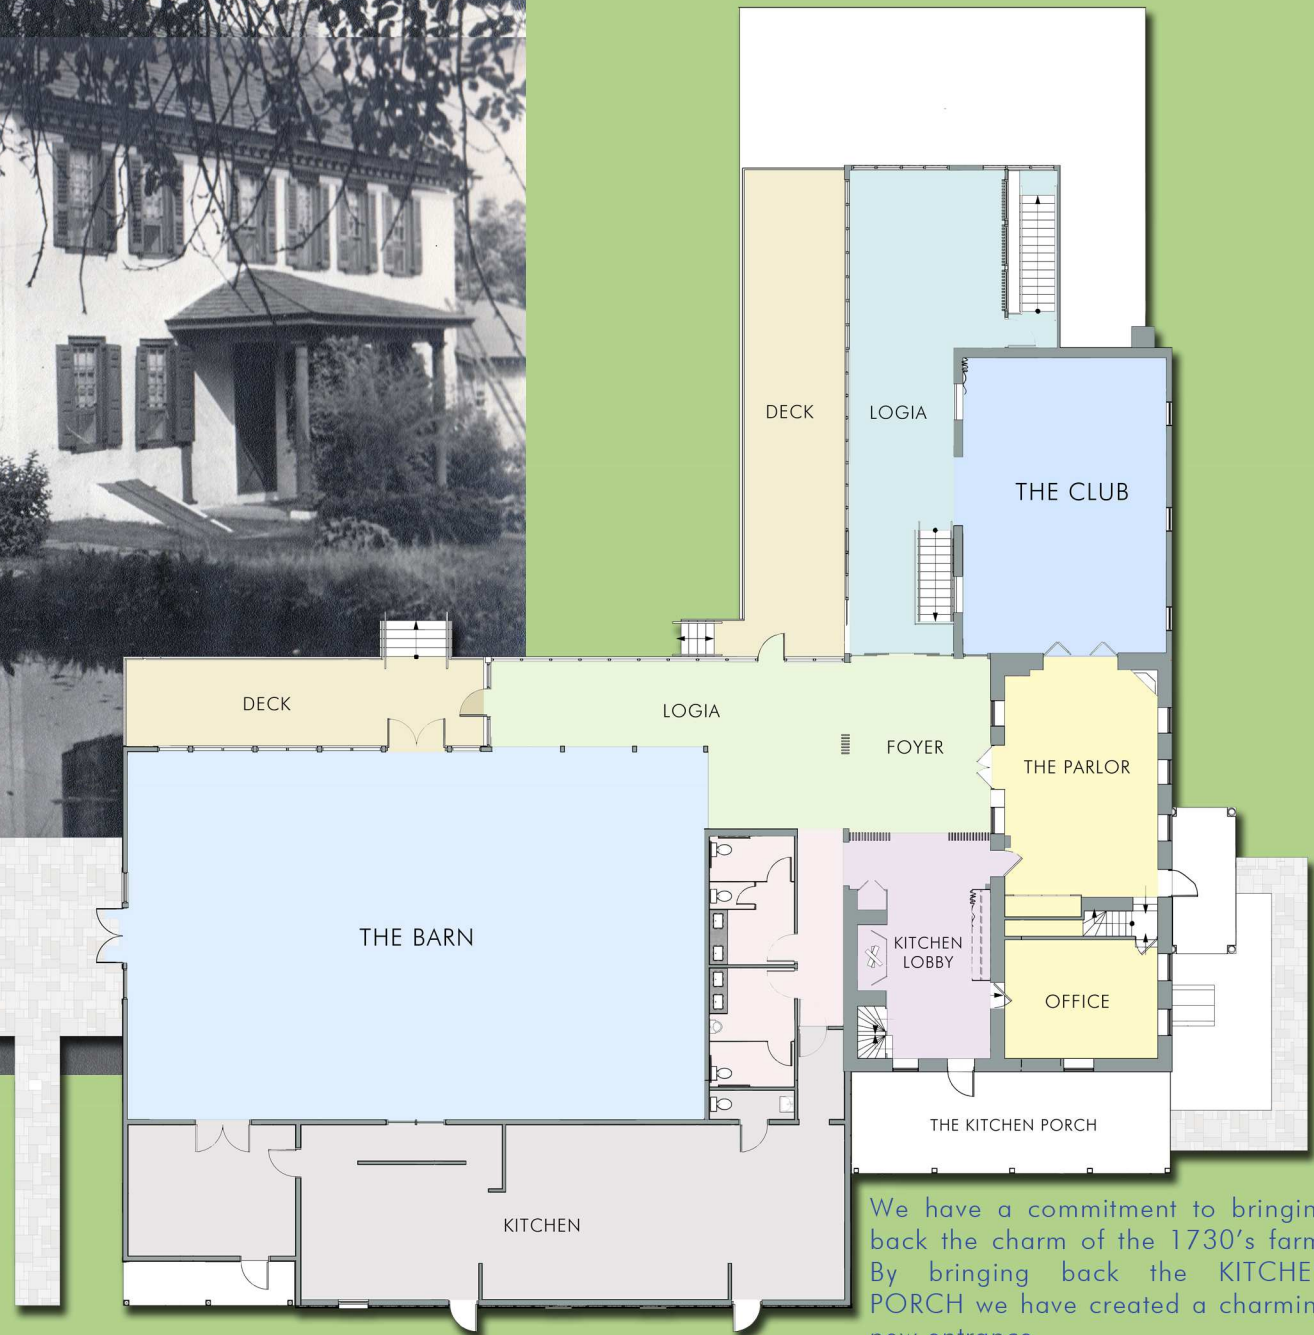

## BRINGING BACK THE FARM

We offer THE CLUB rooms for smaller events, THE BARN for larger events and the entire floor for even larger events.

We have a commitment to bringing back the charm of the 1730's farm. By bringing back the KITCHEN PORCH we have created a charming new entrance.
