Discovery Center

Join us in the discovery of everything Agua Hedionda Lagoon, its related watershed habitat, wildlife, ecosystem, and trails have to offer. The Discovery Center is dedicated to ecological education and inspiring people to care about balanced use of the lagoon. We are located on the eastern end of the Agua Hedionda Lagoon estuary and wetland area in Carlsbad.

The 3800 square foot building was completed in October 2004 and began hosting public programs and outreach activities in 2005.

The Discovery Center houses exhibits and displays which pertain to the Luiseño Native Americans, historical documentation surrounding the lagoon and environmental aspects of the lagoon.

In addition, the Discovery Center hosts numerous festivals, event, lectures, seminars and programs throughout the year. **Join us!**
