WHAT OUR COUPLES SAY...

Our Wedding at Cloverleaf Farm was everything I'd ever dreamed of for our special day, and more. The setting is breathtaking, the staff are all wonderful, the food is delicious. We used A Divine Event's Design Studio at Cloverleaf for all of our flowers and decor, and it was absolutely perfect. Would highly recommend to anyone looking for an outdoor venue!

I truly could not put into words how phenomenal my experience was at Cloverleaf Farm. It was truly everything I had dreamed about for a wedding... I think it's important as a bride to find a place that not only fulfills your dreams, but is also filled with a team that genuinely wants to support and celebrate you. I think we hit the venue jackpot with Cloverleaf, and I will forever cherish this venue and these people along with the best day of our life.
