Taste

OUR FOOD

City Winery offers a menu that exemplifies Mediterranean cuisine and culture. Our Executive Chef, Mike Jeanty, and his culinary team have created a menu that pairs well with both our wines and wines from around the world. Our dishes feature fresh, seasonal ingredients that are carefully prepared and tailored to each event. We offer a variety of menus, including light cocktail fare, a traditional seated three-course dinner, family style service or buffet dinner service. In addition to our in-house menus, we have partnered with a few of our local vendors such as Murray's Cheese who provide our selection of artisanal cheese and charcuterie.

OUR WINES

City Winery offers you a unique beverage opportunity: serving wines to your guests that are made on site at our venue in Manhattan! Your guests can enjoy a range of wines straight from the tap; from our Spring Street Pinot Noir to Sohovignon Blanc, our winemaker David Lecomte produces stellar wines that will perfectly complement your meal. In addition to our in-house wines, our Wine Director has worked with some of the best wine producers to customize our extensive, award winning wine list, incorporating wine from around the world, in the event you would like to offer bottled wines during your reception. Our beverage package also features a full open bar of top shelf liquors and local craft beers. Our events team will work closely with you to coordinate the best beverage selections for your event.
