IGNITE

GLASS STUDIOS

Looking to host a garden wedding right in the middle of the city? It's totally possible! Located in Chicago's trendy W. Loop, Ignite offers not one but two outdoor spaces. Our venue features an impeccably-manicured Urban garden as well as a Rooftop Deck offering 360-degree views, both ideal for any open-air ceremony. If you are looking to host an indoor wedding, receptions can be held inside the intimate Event Studio, which can accommodate 220 guests for a seated dinner.

The unique and versatile event space at Ignite Glass Studios is the perfect setting for any kind of wedding, sophisticated or trendy; intimate or elaborate. Three separate areas – Event Studio, Urban Garden, and Rooftop Deck – combine to offer over 9,000 square feet of space. The only wedding venue in the West Loop offering two outdoor spaces.

At Ignite, you will work with our imaginative and enthusiastic staff who have the experience to help you create a very individual and special day. Our sales team members will be happy to answer any questions, discuss availability, and confirm appointments should you wish to inquire about your wedding at Ignite Glass Studios. We look forward to welcoming you, your family and your friends for an unforgettable celebration!

"We had our wedding ceremony + reception at Ignite Glass Studios in September 2017. This is an absolutely amazing + unique space. It was everything you could want in a wedding venue in Chicago - outdoor patio with furniture/fire-pit, open floor plan, rooftop with view of the city and free parking!" - Nicole K

URBAN GARDEN

AN OASIS IN THE CITY

Up to 220 guests are welcomed by custom crafted gates punctuated with colored glass art as they enter into our serene Urban Garden, nestled in the cityscape of the West Loop, a beautiful backdrop for your special day.

The Urban Garden is 2,400 square feet of lawn bordered by lush foliage that will provide your ceremony or reception with a peaceful backdrop in the middle of a concrete jungle.

Let nature and the beautiful glass decorations, created by Ignite's own resident artisans and lining the walls and sidewalks, surround you and stand in as natural decor as you walk down the aisle.

Or choose to have your reception in the garden and dazzle your guests with an evening under the stars surrounded by warm light spilling into the night from the Event Studio's wall of windows that line one side of the space.

Whether you are looking to have passed hors d'oeuvres and champagne or a more casual atmosphere of lawn seating and games, the beauty of the garden is in its versatility.

No matter what you choose, your guests are sure to never forget your special day

ROOFTOP DECK

Rooftops are such a glamorous, chic, memorable, and versatile backdrop for a wedding, and the sky is the limit at Ignite Glass Studios.

Just imagine the sun setting over Chicago as you say your wedding vows. Wow. A pretty setting that at once feels a world away from the city around it, but at the same time scores views of nearby landmarks. The Rooftop Deck is 3,290 square feet flooded with natural light by day, and adorned in glistening lights from the city at night time, a beautiful backdrop for a wedding.

Elegant, dramatic, and entirely breathtaking, this sprawling space, with room for 220 for a ceremony or reception is a blank canvas, you can adorn in lanterns and string lights, or keep simple and let the view do the talking. Your guests will be all smiles as they ascend to the Rooftop Deck to join you in celebrating your wedding vows on your special day.

The unobstructed, dramatic views of the Chicago skyline are perfect for wedding photo shoots, ceremonies and receptions.

EVENT STUDIO

The Event Studio is a completely customizable 3,290 square foot area of unobstructed raw space where masculine and feminine meet to communicate eloquently through the industrial feel, highlighted with creative glamour. Because Ignite is a functioning glass blowing studio, events that take place in this space have the unique opportunity to witness a live Glassblowing Experience.

The Studio effortlessly exudes an urban warehouse aesthetic throughout the room showcasing floor-to-ceiling glass walls for incredible views of the garden. The exposed walls and floor become the perfect backdrop for a ceremony, to project images on, or to highlight floral and décor elements of your event. Choose to leave the Hot Shop doors exposed to provide even more character to your wedding space or hide it from view until dessert when you can delight your guests with a demonstration.

In this versatile space, you can choose to have your ceremony or reception or both. With the exposed space already full of character and string lights provided, the decorating is almost completely done for you.
