"Beautiful and unique venue for any wedding. All of the Solaris staff members were superb. They provided a wedding planner that worked closely with us from Day 1 of planning to ensure our vision came to life, and we were not disappointed. The food was spectacular. When you book the Solaris for your wedding and reception, everything is done by one group of people. So, our wedding planner, flowers, decor, food, and DJ all came through the Solaris. It made planning so much easier and less stressful to be working with one main vendor vs trying to coordinate multiple different vendors. All of our guests loved the food and DJ, and you can't get any better than the view of the bay from your own private yacht." - Karley L, November 2018

"I would HIGHLY recommend this venue for anybody and everybody. Julie and her team were able to make our dream wedding a reality. They were always available to answer any questions (even super last minute). They are reliable, easy to connect with, and honest. Julie was understanding about our budget limitations and gave us second and third options if we requested them. As a bride that had a hard time making decisions, they were able to narrow down options for me that were elegant yet affordable. The day of, there was some questionable weather. Some plans had to be rearranged due to this but it still turned out amazingly, and our guests had a great time/would have never known. My husband and I truly would not have changed a thing. I love that we were able to get married somewhere extremely unique with a classic wedding feel! When you imagine a wedding, you tend to think it's overwhelming and stressful, but not with SunQuest. Everything from start to finish was a breeze thanks to their Team. The food was awesome too!! I wish we could rewind back to our wedding day so we could do it all over again!!!!" - Bailey B, April 2019

"There aren't enough words to describe how perfect our wedding was. Julie Fabozzi was our planner and she was AMAZING. This venue is perfect, and all crew members were professional, friendly, and the experience could not have been any better. There are so many moving parts to every wedding and Julie tied them all up in a fancy bow as far as I'm concerned. Sunquest has amazing packages and having a planner like Julie is truly the icing on the cake. She orchestrated and organized a huge event with 100 guests that went off without a hitch. Any changes that were made or extras that were thrown in were carried out perfectly. There is not one thing we would have changed about our wedding and if we had it to do all over again, we would most definitely choose the Solaris. ABSOLUTE PERFECTION! I can't thank them enough for making our big day so wonderful." - Kristina, April 2017

"I can not say enough good things about our experience with SunQuest. Being local, we had always heard great things about them, but they beyond exceeded our expectations. We chose to have our ceremony and reception on the Solaris Yacht. From the very beginning Kristi made the process very easy. We were then introduced to our wedding planner/event coordinator Julie who was AMAZING. Julie maintained constant communication with me during the whole planning period and even met with me in person on more than one occasion. She recommended great local vendors and had an answer to every question and a solution to every issue we encountered. The night before the wedding we had a super fun bonfire at the local beach organized by Kristi and Jeremy. When it came to the wedding day, Julie had everything organized to a tee. The venue was BEAUTIFUL, the DJ was great, and the staff was so kind and accommodating, and the food was wonderful. My guests haven't stopped raving about how fun the whole experience was. I truly could not have asked for a better wedding." - Whitney T, April 2019
