

We have curated a delicious list of choices for a variety of budgets and taste buds.

You are welcome to “mix and match” your food and bar services using any of the approved businesses on this list. These approved vendors have been pre-qualified to provide services at The Summit. Celebratory cakes and desserts are not required to come from our exclusive caterers, although some of these vendors are able to provide those, as well.

Food and beverage service for your event shall be provided by one of the pre-approved licensed caterers and is subject to a 15% commission. Security is required when alcohol is served.
