

Weddings at the Seacoast Science Center

Congratulations on your engagement and thank you for considering the Seacoast Science Center as the site for your special day. By hosting your wedding celebration at the Center, you'll not only create unparalleled memories of the most joyous day of your life, you'll feel great knowing your rental supports our effort to promote ocean health today and for future generations.

Our Venue

Situated on the ocean's edge, within historic Odiorne Point State Park, the Seacoast Science Center provides a unique and memorable setting for your celebration of a lifetime. From the formal experience of your dreams, to the fun of a lobster bake by the sea, the Center becomes yours on your special day. The beautiful rocky coast is the perfect backdrop for your photographs and is sure to take your breath away.

Indoors, the Center can accommodate approximately 70 guests for a formal seated dinner in the historic, stone Sugden House fireplace room or the modern Gregg Interactive Learning Studio. The Center can accommodate up to 150 guests throughout the exhibit gallery spaces for less traditional events. This arrangement works well for cocktail-style parties (group size of 75-150), with buffet and bar stations located among the exhibits.

Outdoors, the Center can accommodate up to 185 guests (depending on setup) under the festive, white 40' x 80' function tent, which is installed on our north lawn from late-May through mid-October. For a traditional sit-down reception with a dance floor, the tent will accommodate approximately 150 guests. This area is the most private part of the public park. The lawn area is bounded by the Center, the woods, and 600' of oceanfront shoreline. The seaside vista includes four different lighthouses, the Piscataqua River, and the Isles of Shoals. A small gazebo in the back corner of the lawn and a large piece of driftwood on the opposite side of the building have proven to be favorite locations for wedding ceremonies.

The officer will be secured by SSC, at the expense of the client. The caterer or insured bartending service (whoever is handling bar service) must have a signed copy of SSC's current **Alcohol and Intoxication Policy** on file at the Center, as well as **service certifications. All alcohol must**

be served by a caterer or insured bartending service. Clients must hire one of the Center's approved bartending companies. Please inquire for contacts. Bottles of wine (and other alcohol) may not be placed on guest tables and guests of the function may not bring their own alcohol; if so, it will be confiscated.

- **NH State Division of Parks and Recreation requires a park use fee of \$1.00 per person, collected by SSC on their behalf.**
- **A cleaning & security fee deposit of \$300.00 is required.** Upon completion of the function, as long as the facility and surrounding grounds are clean (either by the facility use client, or caterer) to the extent at which they were found, and to the discretion of the SSC staff member on site, and nothing has been damaged, the \$300 cleaning fee will be returned to the facility use client in the form of a check. This includes removal of linens from tables, restacking of tables and chairs (if it is not being done by Exeter Events & Tents), and disposal of all trash into the on-site dumpster. If the cleaning fee/deposit is to be returned, the check will be sent via mail, within four weeks of the function date.
- **We require the facility use client to draw a liability insurance binder of \$2,000,000 for the event.** The insurance binder must name Seacoast Science Center Inc., NH Division of Parks and Recreation, and the Town of Rye as co-insured/additionally insured. Also, if the client is serving alcohol, "host liquor coverage" must also be included on the insurance policy. A binder or copy of the policy must be provided to the Center in advance. This insurance can usually be obtained under a personal liability umbrella policy, as a rider on a homeowner's policy, or through a separate event insurance agent (e.g.: wedsafe.com). The premium for this coverage ranges from free-of-charge for some personal umbrella policies to about \$600. Some clients find it to their financial advantage to have their parents/relatives sign the contract and pay the Center fees so that the liability is covered under their existing policy.
