EVENT SPACE

Wynwood Prime offers you a unique event space located in the heart of Miami's Art District. As a well thoughtfully planned out flex space, we can adapt the venue to fit everything from intimate gatherings to large events. Wynwood Prime is located steps away from the center of the highest density of pedestrian foot traffic that brings people from around the world to visit Wynwood's colorful streets to see the art and culture that it is internationally famous for.

Wynwood Prime offers a flex space warehouse made up of two 5,000 square foot spaces with 15 feet high ceilings reinforced by beams and a 4,000 square foot terrace in front of the warehouse to create your event. One of the highlights of this venue is three different spaces which can be booked separately or together. We have an expansive food prep area hidden behind the back wall for all of your potential catering needs. Our fully air conditioned venue with available on-site high speed internet access is the perfect place for those special events.

Wynwood Prime was established by experienced members from Miami's hospitality industry that know the needs and logistics of executing different types of events. Using this knowledge as well as their connections within the community of Miami and beyond they have equipped Wynwood Prime with a state of the art panoramic video mapping projection system for the walls and professional surround sound system. The walls serve as projection screens and by incorporating techniques used in film production and years of experience, we can customize and create a once in a lifetime experience needed to stage any theme for your perfect event.
