Thank you for inquiring about our beautiful wedding venue.

We opened the venue to the public in 2017 and have hosted many beautiful weddings since. We still have some availability this year and next year is booking up quickly. Currently we are taking bookings up to 2023 and beyond.

Natures Cathedral

The ceremony site is a natural amphitheatre nestled deep in a gully in the forest, backed by a seasonal creek.

It's enveloped by ferns and towering trees .

With bench seating for over 100 and extra standing room.

Reception Area

The reception area has a backdrop of magnificent cedars in a natural gardens setting.

An outdoor reception area for you to place a tent or not, to hold the reception of your dreams.

The area is surrounded by cafe lighting.

A fire pit seating circle for intimate conversation.

Covered catering area for your chosen caterers.

Cedar Haven offers a Brides Party getting ready room. Last year we completed our Grooms Party getting ready room. A private spot for both wedding parties final touches and space for quiet composure.

Our team at Cedar Haven has hosted many varied but all beautiful weddings and receptions, tented and open air, on the property. We are here to help!

The site can be left beautifully natural or styled to your own perfect vision.

We offer a stunning backdrop for your dreams to come true. Your imagination and your hearts desires are your only limitations.

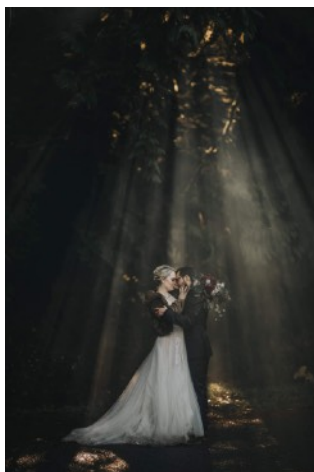

You're welcome to do it yourself or arrange professional services to make your special day perfect. Our aim is to enable you to make your day uniquely yours.
