~Reviews~

All of our guests had an amazing time! We want to thank you from the bottom of our hearts for providing us with this wonderful venue. Heronswood & staff exceeded every expectation! Eric & Natasha Anderson, Bride & Groom

Amazing gardens! If you get the chance, make the trip here. So many varied species of plants here. It's a delight for photographers, and just nature lovers in general. So much color, beautifully cared for by the remarkable staff, and their on hand to help answer any questions you might have as well.

Scott C. Brown

A gorgeous venue for a wedding.

Jennifer Rodriguez

The atmosphere is beautiful. The service awesome. I'm even more appreciative that it belongs to Native Americans.

Ben Shafer

First, Shelby, made it easy to get a hold of when we had questions. With my busy work schedule and trying to plan a wedding with my mom's help, and my husband's busy schedule, Shelby was available when we were free to go over venue ideas, to go over venue lay out, to go over the menu, and to go over the pieces we wanted to bring in. She made planning a breeze and made sure her team was on the same page and same vision we hand.

Second, Dusty, the head chef, was awesome. He was noted late that I had a dairy allergy during the first tasting, and was immediately throwing ideas around for us to try on our second tasting that modified the food so I, the bride could eat it. Our second tasting was great, and the meal for the wedding was incredible! We had so many compliments on how tasty and fresh all the food was!

Third, the staff at Heronswood and the catering staff were fabulous! The gardeners have done such a great job at making the venue stunning in the summer. The catering staff was super friendly and when we had a few modifications they were flexible in making it happen (boxing food up by dish vs. meals).

I can't recommend Heronswood enough to friends and people who need a day trip from Pierce County. It truly is a hidden gem out in Kitsap!

Heronswood Garden

A Dream Garden of Botanical Beauty!

Heronswood Garden is a wonderful botanical garden and wedding venue located in Kingston, Washington that boasts picturesque beauty. Residing among the lush landscapes of the Pacific Northwest and a rare inventory of unusual trees, shrubs and vines, this venue is perfect for a unique outdoor wedding celebration. Located in Kingston, WA just a ferry ride away from Seattle or Edmonds.

History

The process of creating the garden started in 1987 when the co-founders took possession of the property and transformed it over the next two decades. It was sold to a national plant and seed distribution firm in 2000, but was soon neglected for several years after 2006. In 2012 it was purchased once again by the Port Gamble S'Klallam Tribe where it went through a rebirth with an exciting new inventory of plants and a regrown landscape. This original thriving garden is now a beautiful setting for one-of-a-kind events.

FAQ -

- Is the "service charge" a gratuity, or would we need to plan to tip on top of the total amount? **Service charge covers as an operating cost for things such as insurance, advertising, admin staff, trucks maintenance, fuel to get to events, cocktail napkins, and various sundries. If you would like to tip servers that is up to you and their performance.**
- For the seating, do you transfer chairs from the ceremony site to the reception site during the cocktail hour? **Transferring depends on amount of guests.** We were considering renting some brown fruitwood chairs in place of the white wood chairs; would there be any additional charges on your end for this? **No additional charges, but we would want delivery on Friday by 3pm. However, any pads or covers for the chairs would be the responsibility of the client. Also, any services for pick-up i.e. stacking of chairs would then be the responsibility of the client. Pick-up & Delivery needs to be arranged with Sales Department, to ensure the venue is open.**
- Is the rehearsal window flexible? If we wanted to come in earlier, say 1-4pm instead of 3-6pm, is that possible? **Rehearsal window depends on availability of the garden, if other events or tours are scheduled. We prefer to do the rehearsals on Thursdays or Fridays after 4pm. They must be scheduled with your Sales associate, and include a count of how many people to anticipate.**
- RSVP: So far we have 92 confirmed for the wedding but still have about 100 we're waiting to hear back from. **Please let us know when your final RSVP Date is. Don't forget**

Contact us today: nelson@thepointcasinoandhotel.com or 360-297-6137

to include your vendors in this count. Many vendors, i.e. photographers require you to feed them. Also to note, vendors will be fed after guests.

- Transport: love the idea of a sign-up sheet at check in to get it in guest's minds! Pretty sure all guests in our room block would want to shuttle over, so there would likely be about 80 needing a ride. 3 shuttles may not be enough before the wedding... do we need to look into hiring an additional shuttle service? **Yes, unfortunately I can only accommodate so much with shuttles, we have 2 drivers on schedule. However, we have effectively executed large number of guests via shuttle with multiple runs.**
- The Heronswood website says that it would be open to the public on 6/24. Is that true? We're not in danger of having it open to the public when the ceremony is happening, right? I imagine we'd have people onsite getting set up right at 10am onward. **Heronswood is aware that a wedding is booked. People will not be allowed in the back by the house or reception garden. Also they will be done by 3pm. That is why we like to schedule ceremonies to start after 3:30pm.**
- Dessert: We will bring in 3 half sheet cakes plus a cheesecake (our 'cutting cake') and possibly brownies. Will there be enough room onsite to store the cakes in a fridge or keep them cooled until time to serve them? **Need dimensions on cakes.** Is there a charge for cutting sheet cakes? **Yes, charge for cake cutting is \$1.00 per person with max charge of \$200.00.** Will there be enough forks or should we buy those too? **If we are charging a cake cutting fee, we will provide plates as well as forks. We use plastic for cake cutting to cut back on catering labor of transporting & washing.**
- Centerpieces: In lieu of floral centerpieces we've been thinking of having an homage to our love of snacks! Is it okay if we have bowls/vases of store-bought popcorn/olives/pretzels/etc on the table? Would that conflict with catering? I remember you mentioning that that type of stuff would be okay to bring in for cocktail hour too. Also curious if there's an option to include a variety of bowls as part of the rentals. **Ok to bring in, I do not have a big selection of bowls for rental. I suggest 360 Store Rentals.**
- Lighting: Are we free to hang string lights in the reception area from poles we bring in (if necessary)? **Yes, keep in mind any additional décor you bring in you are responsible for bringing the correct equipment & tools for set-up. We do not allow anything attached to the trellis. Any damage done to garden, plants, beds or structures you will be billed a damage fee.**
