

IMPERIAL

Originally a Chinese-Language house in the early 70's known as the Golden Harvest, the theatre was a popular destination for watching authentic kung-fu movies.

Miniature replicas of Qin Dynasty Terracotta warriors line a shelf encircling the bar's counter: a tasteful touch of chinoiserie that acknowledges the venue's past., live koi fish in our lounge aquarium and two fully functioning bars are only a few of our allures. A successful marriage between the old and the new has set the foundation for another page in the venue's storied life.

We have created a Basic Rental Package that is designed to cover the needs of the average renter. The Imperial Theatre has the ability to create a full concert stage with full sound and lighting. Dedicated technicians will be here with you throughout the day to ensure that your event goes off without a hitch.
