Mukai Farm & Garden is on the National Register of Historic Places. The restored Mukai house offers a glimpse into the life of the Mukai family from 1926 to 1942. The house is fully functional, charming & full of educational information. It feels as if you are stepping back in time. The Japanese garden, designed and installed during the 1930's by Kuni Mukai, a Japanese immigrant, features her "hill garden" with extensive rockwork, plantings and a surrounding pond. The garden has been fully restored and offers a unique look into Japanese design from the perspective of a woman – very rare in Japanese culture at that time. The grounds include an expansive front lawn, large walkable garden, a large outdoor event space and a huge back field. There is plenty of parking available for all of your guests, and the house includes a lift for ADA access.

*Mukai Farm and Garden is a 501 (c)3 not for profit. Your rental helps us honor our history and continue to explore our shared culture.*
