About the location

Viewpointe Estate Winery sits on approximately 30 acres of agricultural land in the southern-most part of Canada. Manicured vineyard rows give way to a vast lawn landscape that gently falls away to lakeshore.

The ceremony tent and arbor can be placed according to your desire along the lakeside lawn, and your guests will enjoy full use of the property during the cocktail party.

The banquet hall sits on the second floor of our retail building with the main portion of the room in a window-lined rotunda, offering a full view of Lake Erie. With an elevator, washroom facilities, and a wraparound balcony, our banquet hall is fully equipped to offer the best service for your guests.
