

My Intimate Collection – Opening Level Hourly Wedding Collections Beginning with our 1- Hour Collections

I created My Intimate Collections for those who wish to host a more intimate-sized wedding day. This Collection is extremely popular with couples who visit us from around the globe, or, around the country. This Collection is also quite popular with “2nd Wedding” couples.

I’ll be capturing all the emotions, and all the goings-on, in the very same fashion as I do for our full-day Collections. My assistant’s responsibility will be in a non-photographing role.

Your unlimited number of gorgeous images are showcased on our on-line gallery, and all your digital files can be downloaded in Web-Friendly Resolution (Sized for electronic uses such as, computer viewing/sharing, Internet, social media, email, etc.) Large-Resolution digital files are offered as an option, accompanied by our Print Release.

If desired, participation in our unique, Couples’ Registry Program.
