Our Approach

Your officiant will work with you to create a unique ceremony that reflects your personalities, beliefs, and relationship using our Ceremony Creator. There's a reason we've been the area's highest-rated wedding officiants for over 10 years, contact us for an exact price quote and to check our availability for your wedding date!

Wedding Rehearsals

Most of our couples elect not to have us attend their rehearsal if they have one, so we do not include it in our standard package. Couples typically have their coordinator or planner run the rehearsal or choose to run their own ceremony rehearsals since they are only practicing walking in and walking out and not the ceremony itself. Our clients do have the option of hiring one of our officiants to run the rehearsal based on availability. A separate contract is required for rehearsals, and pricing depends on the date, time, and location of the rehearsal. Weekday rehearsals can be contracted at any time, while Friday through Sunday rehearsals can only be booked closer to the wedding date to ensure our officiant's availability. If you are interested in having your officiant at your wedding rehearsal please contact us for more information.

Travel, Parking, and Accommodations

We do not charge a separate fee for travel, but if your ceremony is taking place at a location without free parking, we require you pay for the officiant's parking. Overnight accommodations may be required for destination weddings or weddings outside our normal service area, if this is the case we will let you know when we quote you the price.

Additional Charges:
