DID YOU KNOW?

Nearly everything on the Menu at Xico is GF!

Xico is one of just a few restaurants in the nation to grind corn on site. Our chips and Tortillas are an in-house result of buying Organic, Non-GMO local corn which we cook, nixtamalize and grind in our custom-built molino to make the freshest Masa!

Xico partners with local producers to purchase fresh produce direct from the farm and proteins from trusted, local sources.

Xico is woman-owned and leads the industry by providing living-wage jobs to every person on our team by equally pooling our service fee.

Xico respects and eagerly accommodates food allergies for guests with dietary restrictions. Our menu is largely vegetarian and features many vegan options.

The entire team at Xico is vaccinated and boosted. Additionally we periodically require team testing to insure the health and safety of our team and beloved guests. Still, you will find us with our masks ON out of an abundance of caution.
