WHERE THE ART OF FOOD MEETS THE ART OF SURVIVAL

Where Survivors indulge in food + drink at an urban outpost. An environment where patrons are encouraged to create their own "interactive rites" through virtual reality. Where despite the fallout there's still a sense of food, culture, community and art that thrives. A sanctuary where urbanites are encouraged to create and share their own experiences. Where the food is locally sourced, the cocktails surprise you, and you feel like this is the ultimate stop in the post-apocalypse. A true experience to live for...
