

### **About Steve & Rocky**

**Chef Steve Allen previously worked at the renowned Golden Mushroom restaurant in Southfield, Michigan. Chef Steve trained under Certified Master Chef Milos Cihelka, the co-owner and chef of the Golden Mushroom. Chef Milos is the first Chef in the United States to achieve the prestigious rank of Certified Master Chef awarded by the American Culinary Federation after a rigorous testing process. Chef Steve spent a total of 15 years at the Golden Mushroom. The first 10 years working directly under the mentorship of Chef Milos and eventually taking the reins himself as Executive Chef for 5 years after Chef Milos' retirement.**

**Charles "Chuck", "Rocky", Rachwitz previously worked for the C. A. Muer Restaurant Corporation for 18 years guiding their culinary departments as Corporate Executive Chef and mentor for many future culinarians in the Detroit area. Chef Rocky created, built and established some of today's most successful restaurants for his personal mentor and best friend Chuck Muer until his untimely death. Prior to his death, Muer returned the favor by helping Rocky turn the former Northville Charley's into Rocky's of Northville and helping one of his protégées get a solid start on his own. Steve Allen and Chuck Rachwitz unofficially met while both were members of the Michigan Chefs de Cuisine Association ACF. Their official meeting was not until years later guided and formerly introduced by Steve's mentor and Rocky's personal hunting friend, Chef Milos Cihelka.**

### **What The Media Says**

**After more than ten years they are still serving meals that local and national publications rave about: Jane Rayburn of the Detroit News calls them "One of Our Very Best Restaurants-Anywhere"- 3 1/2 Stars, Superior Plus. Molly Abraham, also of the Detroit News and Hour Magazine, said that Steve & Rocky's is "remarkably affordable given the quality of the fare; Steve & Rocky's is a restaurant that deserves a four-star rating, not for trappings or pretensions, but for all the right reasons." - 4 Stars, Outstanding. Gourmet Magazine sites Steve & Rocky's as "One of the Best Restaurants in America."**

### **Price and quality are on our mind.**

**No matter the price range you are looking for, we can meet your needs. Though many say Steve & Rocky's specializes in seafood, Chefs Steve Allen and Chuck Rachwitz feel that the menu is diverse with beef, pork, chicken, poultry, and many other non-seafood menu selections that there is something for everyone's taste. Steve & Rocky's menu consists of nothing more than the freshest ingredients available. If it's not fresh it is not used at Steve & Rocky's.**
