

Ceremonies by the barn

The barn offers several beautiful locations for outdoor ceremonies overlooking lush, uninterrupted farmland. Fields of corn, soybeans and wheat make an incredible backdrop for unforgettable photographs on your special day.

Who We Are

We bought this 1850s farmhouse and turn-of-the-century dairy barn in 2001 so we could host our own wedding here. We continue to make structural and cosmetic improvements to the barn every year because we believe that in preserving this beautiful and historic structure we are doing our small part to preserve the landscape and character of Skaneateles and Central New York. It is an honor to share this special space with people for their important celebrations.

MANDANA BARN

*A traditional barn venue
A lush and rustic setting
A Skaneateles treasure*

5 Star Review on WeddingWire.com

"We were so lucky to find the Mandana Barn! It is such a beautiful venue in a gorgeous setting. The owners, Heather and Tim Carroll, are incredible. They are responsive, welcoming, and very helpful. They have also completed renovations and are always finding ways to make the Barn and the event space more beautiful. Their cat had eight 8-week kittens, and my mom ended up taking one home! Be aware that planning a wedding in the barn is a completely Do-It-Yourself project, but they have a great list of service providers that we used for all our big vendors. We also left our homemade cornhole set for future brides and grooms."

Wedding: 8/16/2014

"If you want the most charming, beautiful, comfortable, fun wedding reception, contact Heather at the Mandana Barn! The place is stunning. The Carroll family lives there in the farmhouse so it is immaculately kept. Heather and Tim are so easy to work with and extremely helpful. Our guests absolutely loved the venue!"
