

**SPECIAL EVENT
INFORMATION PACKET**

OVERVIEW

We are Young & Yonder Spirits, a boutique craft distillery in the heart of Sonoma County, CA. We are family owned and operated and make six different spirits: A classic vodka, lime infused vodka, gin, bourbon, absinthe, and an amaro.

From grain to shelf, we belabor every detail for quality and continually strive to innovate, trying out new, novel techniques, flavors and experimentations to create exceptional distilled products for all to enjoy.

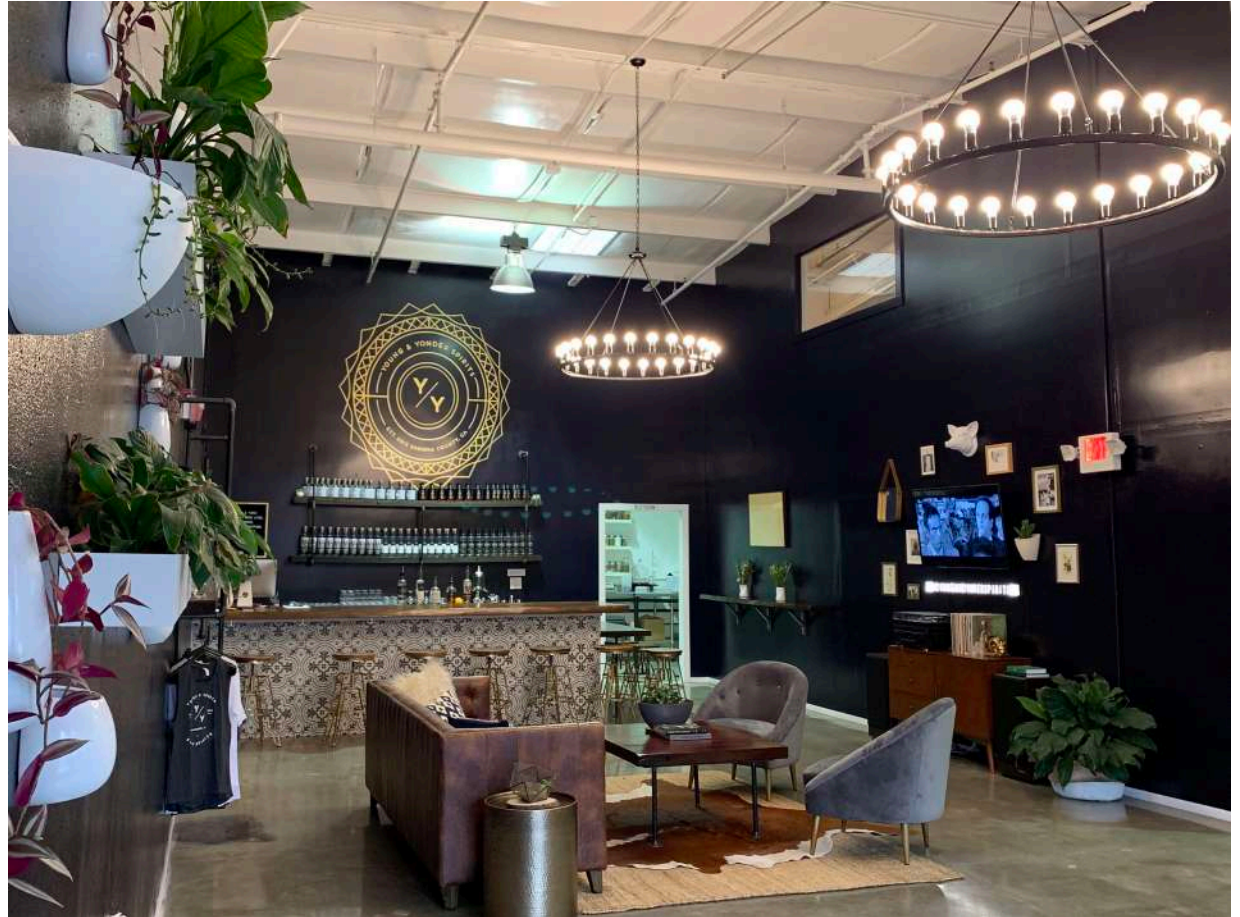

Located in downtown Healdsburg is our 4,000 sq ft production, tasting lounge, barrel room and lab. Guests can come taste, experience and see how the spirits are handcrafted.

THE SPACE

Young & Yonder Spirits offers a large, open industrial chic space suited for any type of event. From five to 75 people, we can make it as small and intimate as you want, to a full distillery take-over for bigger parties, such as a wedding welcome event or company party.

We offer a large tasting lounge with a bar where we can serve tastings or custom craft cocktails. We also have our production area. Let us walk you through the process of making spirits with a private tour, or dine by the stills. Our long side room offers plenty of space also for dining, a band, a game of cornhole, or just plentiful seating! Our team can work with you to make your vision become a reality.

THE PRODUCTION AREA

WHAT WE OFFER
