

# Traveling Beer Tap and Bar

*We safely provide 2 Bartenders per every 75 people.*

*Prices are based per person for 2 hour intervals.*

What is a Traveling Beer Tap and Bar? We purchased an old fire rescue vehicle and refurbished it into a cold keg room with 8 beer taps and a full bar. The excitement of the full lights and sirens is a thrill for guests, but we only put the sirens on intermittently at the request of the host. The total cost for a party will depend on beverage choice, guest count, and upgrades. We are excited to serve you and your guests at your wedding reception, rehearsal dinner, birthday party, or private event!
